NEW JERSEY HEMATOLOGY - ONCOLOGY ASSOCIATES, LLC
Financial Policy

We are pleased that you have chosen New Jersey Hematology Oncology Associates. The trust that you have in our practice is greatly appreciated, and we will do our best to fulfill our responsibilities to you.

In turn, we trust that you understand that payment for services rendered is your responsibility, and is part of our relationship with you. This statement of our financial policy is being provided to you in an effort to avoid misunderstandings.

MEDICARE: New Jersey Hematology Oncology Associates participates with Medicare. We will submit claims to Medicare for services rendered. You are responsible for payment of your annual deductible, co-payments, and **ANY SERVICES NOT COVERED BY MEDICARE**. Patients that do not participate in a Medicare supplement plan are required to pay their 10% co-insurance at time of service.

MANAGED CARE PLANS: We contract with a number of HMO, PPO, and other managed care plans, and attempt to keep up with their numerous and often changing guidelines.

However, we must ask that you are familiar with the rules of your insurance carrier. You need to know your financial responsibilities (co-payments and deductibles), referral stipulations, and which services are or are not covered. If your plan requires a referral, we will not see you without one. Your appointment will be rescheduled for a later date.

CO-PAYMENTS: Co-payments are due at the time of service. Please do not ask us to bill you for this. If you do not have your co-pay at your visit your appointment will be rescheduled for a later date.

INSURANCE: As a courtesy to you, we will submit a claim to your insurance provider. We accept the contracted rates of all the insurance companies we participate with. If for any reason your company fails to pay the claim, you will be responsible for any charges incurred based on the contracted fee schedule.

Returned Checks: A \$35.00 fee will be assessed if a check is returned by your financial institution.

Payments sent to you directly by your insurance carrier for services rendered at our office should be signed over to New Jersey Hematology Oncology Associates LLC upon receipt. Past due balances are expected to be paid in full before future appointments are made.

NJHOA accepts Cash, check, Visa, Mastercard or Discover Card.

Refusal to sign this policy will result in the cancellation of your appointment.

I have read and fully understand the financial policy provided to me by New Jersey Hematology Oncology Associates, LLC and agree to its terms.

The terms of this financial policy may be amended by the practice, without prior notification to the patient.

ALL PATIENTS TO SIGN

Authorization to release medical records to insurance carrier for payment

I authorize NJHOA to release medical information to Medicare or commercial carriers or authorized agents needed to process a claim. I certify that the service(s) covered by this claim has/have been received and request payment in accordance with program policy either to New Jersey Hematology Oncology Associates, LLC or myself, if the provider does not accept assignment.

HIPAA INFORMATION AND CONSENT FORM

The Health Insurance Portability and Accountability act (HIPAA) provides safeguards to protect your privacy. Implementation of HIPAA requirements officially began on April 14, 2003. Many of the policies have been used in our practice for years. This form is a "friendly" version. A more complete text is posted in the office.

What this is all about: Specifically, there are rules and restrictions on who may see or be notified of your Protected Health Information (PHI). These restrictions do not include the normal interchange of information necessary to provide you with office services. HIPAA provides certain rights and protections to you as the patient. We balance these needs with our goal of providing you with quality professional service and care. Additional information is available from the U.S. Department of Health and Human Services. www.hhs.gov

We have adopted the following policies:

1. Patient information will be kept confidential except as is necessary to provide services or to ensure that all administrative matters related to your care are handled appropriately. This specifically includes the sharing of information with other health care providers, laboratories, and health insurance payers as is necessary and appropriate for your care. Patient files may be stored in open racks and will not contain any coding which identifies a patient's condition or information which is not already a matter of public record. The normal course of providing care means that such records may be left, at least temporarily, in administrative areas such as in the front office, examination rooms, etc. Those records will not be available to persons other than office staff. You agree to normal procedures utilized within the office for handling charts, patient records, PHI and other documents of information.
2. It is the policy of the office to remind patients of their appointments. We may do this by telephone, email, U.S. mail, or by any other means convenient for the practice and/or requested by you. We may send you other communications informing you of changes to the office policy and new technology that you might find valuable or informative.
3. The practice utilizes a number of vendors in the conduct of business. The vendors may have access to PHI, but must agree to abide by the confidentiality rules of HIPAA.
4. You understand and agree to inspections of the office and review of documentation which may include PHI by government agencies or insurance payers in normal performance of their duties.
5. You agree to bring any concerns or complaints regarding privacy to the attention of the office manager or the doctor.
6. Your confidential information will not be used for purposes of marketing or advertising of products, goods, or services.
7. We agree to provide patients with access to their records in accordance with state and federal laws.
8. We may change, add, delete, or modify any of these provisions to better serve the needs of both the practice and the patient.
9. You have the right to request restrictions in the use of your protected health information and to request changes in certain policies used within the office concerning your PHI. However, we are not obligated to alter internal policies to conform to your request.
10. We will notify you if your unsecured PHI has been breached by mail.
11. Copy of HIPAA consent form furnished upon request.

I, _____ Date _____ do hereby consent and acknowledge my agreement to the terms set forth in the HIPAA INFORMATION FORM and any subsequent changes in office policy. I understand that this consent shall remain in force from this date forward.

Patient Responsibility for Follow-Up Care Pledge

I, _____ (print last name), _____ (print first name), hereby acknowledge and understand that even with the best training, skill and experience, a medically trained professional is not always capable of solving my medical problems. Therefore, I understand that it is important that any and all recommendations by my doctors are followed completely in order to increase the likelihood of a positive and healthy treatment/outcome. I acknowledge and understand that if any physician in this office prescribes medicine to me that the proper taking of any such medicine shall be my sole responsibility (or my guardian who as attended this consultation). I agree to properly follow the prescribed dosage and frequency amounts of these medicines as recommended by my doctor.

I understand that if a doctor in this office refers me to see another doctor or receive another test including, but not limited to a blood test or radiology test, this timely recommendation is important and essential to the ultimate success of my treatment/outcome. I understand that it is not possible for any person in this office to constantly follow-up to ensure that I have followed these recommendations. Therefore, I understand that if I fail to see that specialist or obtain the test(s) for which I was referred immediately; this can risk my current health or increase future health risks.

I understand that I will follow up on a regular basis to discuss test results ordered by the physicians.

I understand that it is my sole responsibility to follow any medical advice given by any medical person in this office and any bad health outcome from my failure to follow the advice of my doctors should be expected.
